VOLUME CVIII.--NO. 171. ALEXANDRIA, VA., FRIDAY EVENING, JULY 19, 1907. PRICE 2 CENTS.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in pursuance of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

STORMS AND FLOODS.

As was stated in the Gazette, cloudbursts and lightning wrought havoc west of Pittsburg Pa., Wednesday. Eastern Ohio and West Virginia, especially in the Ohio river valley, were the localities visited. Already nine deaths are reported, and later returns are likely to lengthen the death roll.

More than a half million dollars damage resulted from cloudbursts, storms and floods Wednesday night at Newburg and along the Cheat river valley, in Preston county, W. Va., and vicinity. Houses were washed away, the main line of the Baltimore and Ohio Railroad is out of commission and telegraph and telephone wires are all down. At Fairmont the Monongahela river is at a high stage, and freight and other property has been removed. The Baltimore and Ohio tracks along the Monongahela Valley are damaged slightly. At Kingwood three miles of railroad track were washed away. The United Brethren Church at Evansville was overturned and swept down stream. Coleman Morris, aged 30 years, a farmer of Big Isaac, that county, was struck by lightning in the road near his home during the storm and instantly killed. Heavy rain at Weston early yesterday caused the highest waters along Polk creek and the West Fork river, into which it empties, near the town, since the flood of 1888, and considerable damage resulted. All the bridges across Polk creek and other property along the creek and river were carried off in the flood. A number of residents had to use rowboats to get to and from their homes. Part of the insane asylum grounds are submerged and some stores and residences are under water. The West Fork river at Clarksburg yesterday was booming, and timber and other debris is being washed down the stream.

A tempest swept over Baltimore shortly before 7 o'clock last night, carrying in its wake extensive damage from lightning and wind. Electrical bolts started fires in various sections of the city, in one place a stable being destroyed with over a score of horses. In other places buildings were struck with less damaging effect, while street cars by the score were either set on fire or crippled electrically, and the passengers had terrifying experiences. In addition to this, many houses were unroofed, great trees were felled, the municipal lighting service in the suburbs was put out of commission, while the telegraph and telephone companies suffered considerably. The storm was one of the most severe that has visited Baltimore for a long time.

THE KOREAN EMPEROR.

The Korean cabinet ministers, including the newly appointed household minister, have resigned. It is reported that the Emperor was very angry at his ministers on account of their having advised him to abdicate. He said to them that he occupied the throne by right inherited from his ancestors and that his subjects had no authority to advise his dethronement, much less to do so with the support of foreigners.

The Emperor's loss of the loyal adherence of a large portion of his subjects will, it is believed, result in the gradual development of his policy to always play one minister or faction against another so as to prevent the concentration of power in any single body. The result of this is that none will faithfully support him at the risk of life.

The Emperor himself is constantly distrustful of all about him and haunted with the fear of an attempt upon his life. Consequently, boiled rice is served him at each meal and is locked in a silver bowl which he opens with a key kept about his person.

Patriotic Koreans condemn his policy as sacrificing the national interest to his personal interest and welfare.

The Il Ching Hoi, a progressive association, claiming a membership of 1,000,000, is now openly hostile to the emperor, and it is doubtful even if the few now standing by him will continue their support until the last.

A sufficient inducement is likely to make them desert the emperor, who is now in a pitiable predicament.

As has been stated, placards are posted in one of the throughfares calling for the death of all Japanese officials in Seoul. The ministers are strongly guarded and every precaution has been taken to prevent riots and attacks upon officials. The emperor is reported to be too worried to take food or sleep, but this report is considered to be one of his usual moneuvers to enlist the sympathy of his people.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 19, 1907.

CHAIRMAN GARY, of the United States Steel Corporation, before sailing for Europe recently, gave it as his opinion that there would be a falling off in the volume of business during the second half of this year. One factor in this condition, he said, was the approach of the next presidential campaign, which always had the effect of curtailing orders. Another point, he said, was that people had been doing too much business for the amount of money available, and that railroads had found some difficulty in securing necessary capital. The increase in the volume of money in the world had not kept pace with the increase in the volume of business. He had seen signs, also, of a decrease in the amount of building activity, and he thought that the numerous investigations and exposures and radical agitation of the last year or two had a tendency to make investors timid. If violent agitation should continue, there would be more and more money drawn out of productive employment. Nevertheless, Judge Gary believed that the exposure of financial corruption would prove beneficial in the end. A contraction in business would not be wholly undesirable, he concluded, as the country has been going at too high speed, factories running overtime that they might fill their orders.

A report submitted by the women's clubs of Pittsburg that have been investigating social conditions in that city sets forth that so mad has the race for social supremacy become that in the East End many owners of houses worth $5,000 to $10,000, which they have acquired after years of toil and saving, are mortgaging them in order to buy automobiles. So fearful are they of being outshone by their neighbors that they are resorting to the most reckless extravagance and trying to present the appearance of wealth on an income not exceeding $150 a month. And the report concludes.

Something must be done, and done quickly, to prevent the women of Pittsburg from resorting to the means they do to acquire social prestige in their set. Mothers are neglecting their children, and young wives driving their husbands to the wall for the sake of the appearance of wealth.

The club women find that a certain class of women and girls, who have married men receiving salaries from $100 to $150 a month, are gradually driving them bankrupt. This is a bad state of affairs, but such is not confined to Pittsburg. It seems that many people in every city in the country are living beyond their means and that autos are not entirely responsible for this extravagance.

THE remarkable warfare between the State and federal courts in North Carolina on the question as to which has jurisdiction over the railroad rate question was marked yesterday by the sentencing of two Southern Railway ticket agents to the chain gang and by the complete outwitting of United States Circuit Judge Pritchard by the State authorities. Tomorrow may show new developments, but up to the present the advantage in the battle lies with the State courts. A contempt battle between the State and federal courts will probably be the next thing in order. It is not expected that either the State or federal judge will hold the other in contempt, but it is considered likely that Judge Pritchard will hold in contempt attorneys who have prosecuted the railroad agents, in violation of his injunction forbidding prosecutions, and he may also hold in contempt sheriffs, deputies and policemen making arrests. On the other hand, the State courts may begin contempt proceedings against any federal marshal or deputy marshal attempting to take the custody of a State prisoner.

ACCORDING to Prof. Lyman E. Stowe, of Detroit, who predicted the Spanish-American conflict, "war, world-wide and devastating, is imminent." This world war may not come at once, says Prof. Stowe, but it cannot be staved off longer than five years, and it may come in July, 1908. The United States will be involved not alone with Japan, but with the entire world. That is why England has formed alliances with the world powers, apparently against Germany, but in reality against the United States. It may prove comforting to know that, according to the astrologer, the stars predict American supremacy in the conflict.

REPORTS from all over the country tell of the intense heat of yesterday and of the many deaths and prostrations resulting therefrom. In New York there were fifty deaths and fifteen hundred prostrations; in Philadelphia five deaths and four thousand prostrations, while in other cities the heat victims were numberless. Alexandria also sweltered, but fortunately no deaths resulted from the abnormal heat and humidity. Alexandria has ever been singularly blessed in being exempt from wholesale horrors which ever and anon fall upon other localities.

A GIGANTIC combination of independent bakers is being formed in New York with $30,000,000 to $40,000,000 capital to fight the National Biscuit Company. It is hoped that in the fight the independents will win out. It will be remembered that the biscuit trust closed an Alexandria institution which had been in existence many, many years.

SOME one said a few weeks ago that there would be no summer this year. Catch and kill him!

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, July 19.

The Navy Department has received a letter from a man in California, noting that the government can fine the Standard Oil Company $29,000,000 and suggesting that the money be used in constructing five battleships to be named Rogers, The John Doe, The John D. Rockefeller, The Judge Landis and The Millionaire.

The Dutch are rejoicing because one nation's loss is another's gain. According to U. S. Consul Frank B. Hill, at Amsterdam, the result of the decrease in the trade in American canned meats has set part of the world to eating Dutch cheese with such hearty appetites that its importation jumped away up the last year.

While the State Department has nothing but contradictory dispatches regarding the reported abdication of the Emperor of Korea officials there are disposed to accept the statement as true. Consul General Thos. Sammons, at Seoul, telegraphed that he had been informed of the abdication, but a dispatch from Tokio says that while there are rumors of that event having taken place the Japanese foreign office has not yet been advised. There is no doubt that the Emperor, if he has resigned, has been forced out by the Japanese.

After waiting for years for an opportunity, the federal government is determined to give the States of the Union an object lesson in the punishment of lynchers. The Department of Justice admits that it is lending every influence in its power toward the identification of the members of the mob that lynched Frank Bailey, a negro, at Osage, Okla., Tuesday night, with a view of having them tried on charges of murder. As Oklahoma is still a territory, the federal authorities will be unhampered. The Department of Justice has approved the plans of District Attorney Embry and acting Attorney General Russell has given him the services of two special assistants. The mob hanged the negro for assaulting a railroad brakeman who ejected him from a train.

Postmasters attention: If you see a postoffice inspector, forget it immediately. Do not pass the word along to the neighboring postmaster that you have had a call from one of the postal service's gum shoe men. Postmaster General Meyer will have your official scalp if you do. The head of the postal service has had to issue an order calling attention of the thousands of postmasters throughout the country of the prevailing practice of unintentionally tipping off brother postmasters when an inspector arrives once a year to go through offices which handle money orders. When an inspector strikes a community it has been the practice of many postmasters to call up their nearest official neighbor and say something like this: "Better look out, inspector just cast eagle eyes over my establishment. Guess you're next on the list."

Of high standing in life, Andrew John, the big Indian Chief of the Seneca Nation of New York, who died here, made his physical size felt even after death. It had been the intention to have the interment in the Indian burial grand at Cattaragus, N. Y., Saturday, with all the pomp commensurate with his rank in the Six Nations, but no casket large enough could be found. A specially constructed coffin, over 6 feet long and thirty inches broad and high has come from New York and the burial will be on Sunday, under the direction of the local lodge of Red Men.

Mrs. Matilda Younger, member of an old Virginia family, and prominent in social circles in this city was arraigned in the Police Court this morning on a charge of shoplifting. Judge Mills dismissed the case, completely exonerating Mrs. Younger.

BULL TREES POLICE CHIEF.

To be chased through several broad fields, across a creek and freed for ten minutes by an angry bull was the experience of Chief of Police J. M. Lungen, of Clifton Heights, Pa., yesterday.

The officer was enjoying a picnic, which was held on the Lukens farm in Springfield township, and arrangement were being made for a match game of quoits. So Lungen was delegated to go into the adjoining field and get Wesley Hatton, who was to be his partner in the game. As he neared the place where Hatton stood the bull, owned by Carroll Lukens, made a dash after the officer. The animal came forward with his head lowered, too, ready for business. Realizing his dangerous predicament, Lungen hastened toward the fence, which he cleared with difficulty. The top rail broke beneath his weight and he fell heavily to the ground on the opposite side, sustaining painful bruises. The bull cleared the fence with ease, however, and kept after Lungen. Reaching Darby creek, the officer plunged into the stream and swam to the opposite shore. The bull followed his example; but before the animal reached shore the officer succeeded in climbing safely into a tree. Snorting with rage, the bull reached the tree and stood watch like a bull-dog, frequently gazing upward with a vicious look at the officer. Armed with a pitchfork, the owner of the bull proceeded to the place where Lungen was treed and drove the animal back to pasture field.

The board of inquiry is expected to report that the explosion on the Georgia was caused by a "flare-back" from the eight-inch gun. Burning powder fell into the ammunition handling room, threatening the ship with destruction.

Mrs. Catherine B. Wilson, recognized as the handsomest woman in Pittsburg and prominent in society and club circles, instituted proceedings in divorce against George A. Wilson, a well-known local broker, yesterday. Desertion is the basis of the suit.

Gov. Vardaman of Mississippi has granted an unconditional pardon to Mrs. Birdsong. Mrs. Birdsong was convicted of the murder of Dr. Butler, her family physician, who, she claimed, had insulted her. She was sentenced to prison for five years.

Joseph Choate, in explaining to The Hague Peace Conference committee the reason for the United States proposing a general treaty of arbitration, said there was no reason why nations that agree by each other or two by two should not agree all togethef.

An unknown man, walking with a crutch and a cane, leaped into the rapids above the Niagara falls yesterday and was carried over the American cataract. His crutch and cane he left behind, with a note signed D. J., saying: "Tell my friends that I have gone to glory."

Upon petition of creditors Justice Anderson in Washington yesterday, holding a bankruptcy court, issued a rule, returnable August 6, directing William J. Zeh, president and treasurer of the William J. Zeh Company, to show cause why the corporation should not be adjudged a bankrupt.

A thrashing machine owned by John Fields, a non-association farmer, was destroyed yesterday on the farm of Dr. Word, at Oak Grove, Ky., by dynamite that was concealed in the wheat. Two laborers were badly injured. Fields had been warned to join the association before attempting to thrash his wheat.

Henry Berg, a retired grocer of Chicago, committed suicide yesterday by throwing himself over the railing on the twelfth floor of the Chamber of Commerce building. Berg was a consumptive, and had been despondent. He read the account of the suicide of Anna Normoyle, who killed herself by jumping from the fifteenth floor of the Masonic Temple, and, it is thought, the story suggested the method of a quick death.

Twenty-five masked men took Nathan Hester, aged fifty years, a Trigg county, Ky., farmer, from his home at midnight, and at the point of a shotgun, mercilessly flogged him with a rawhide. His wife fainted when she saw her husband dragged away, and is in a critical condition. Hester was a former member of the farmers' association and deserted several months ago. He had not heeded the warnings to raise no more tobacco and wheat.

Announcement is made by the Bureau of American Republics that the Third International Sanitary Convention will be held in the City of Mexico beginning December 2 and lasting until the 7th. The last convention of this character was held in Washington in October two years ago. Every delegate will be asked to suggest some practical means to prevent persons who may be suffering from tuberculosis from transmitting the disease to healthy persons who may be travelling in their company.

Two companies of militia were last night ordered to protect from threatened lynching the four Italians convicted, "without capital punishment," of complicity in the murder of little Walter Lamana, of New Orleans, who was kidnapped and strangled about a month ago. The verdict, which was returned just before dark last night, after the jury had been out forty-five minutes, fines Campisciano, Mrs. Campisciano, Tony Costa, and Frank Gendusa guilty, without capital punishment. Absolute silence greeted the foreman's announcement.

Charles Hood, aged twenty-two years, yesterday killed R. E. Clingan, aged 30, a mine boss from Bowlesburg, W. Va., with a catsup bottle, at Oakland, Md. Hood was clerk in a restaurant of Wm. Hinbaugh. Clingan, who had been drinking, it is alleged, used offensive language in the restaurant, and Hood ordered him out. Clinnan went out, and, looking up to the second story window, saw Mrs. Hood leaning out. He is alleged to have made a very offensive remark concerning her, and in the hearing of both her and her husband. Hood grabbed a catsup bottle, and, rushing toward Clingan, struck him over the head. He fell on the Baltimore and Ohio Railroad tracks, his head striking the rail. He never moved after he fell. Hood is in jail.

Woman in Snake's Coils.

York, Pa., July 19.—Mrs. John Dunlap, mother of Rev. James F. Dunlap, presiding elder of the Williamsport district of the United Evangelical Church, had a frightful experience with a huge blacksnake, which coiled itself about her while she was assisting in the harvest field on her farm, near Yoe, this county, yesterday afternoon. Her experience easily furnishes the champion snake story of this season in the county. Mrs. Dunlap, who is 58 year old, had been forced by lack of laborers to assist in the field. She was alone on a newly-cleared tract of land, awaiting the return of the wagon from the barn, when she felt that her legs were entangled in what she believed to be binding twine. Attempting to disengage herself, she was horrified to find that she was in the coils of an immense snake. As she fell to the ground, crying for help and struggling vainly to tear away from the serpent, the wagon appeared and farmhands ran to her rescue. Their united exertions were not sufficient to remove the snake, which tightened its coils with every effort to drag it away. Finally, with their knives, the men hacked it from her body piecemeal. It measured more than seven feet in length.

Virginia News.

A tremendous crowd from Richmond made Richmond day at Jamestown Exposition a decided success yesterday.

Col. John R. Aldrich, a prominent farmer of Aldrich, Spottsylvania county, died yesterday evening after a few hours' illness. For a number of years he was commissioner of revenue and county treasurer. He served throughout the civil war in the Confederate army.

Apparently in good health, save for a headache, from which he had been suffering during the day, Arthur S. Gilman, son of Alderman W. J. Gilman, of Richmond, was stricken with heart disease while rolling a game of tenpins at the Lake bowling alley last night, and died a few minutes later.

Robert Cooper, of Amherst county, was killed yesterday, and William A. Lawhorne, of Lynchburg, badly wounded by two negroes while riding on a train coming to that city, near Spout Spring. The men got into a quarrel while the train was moving, and the negroes drew a pistol and shot Cooper fatally and then wounded Lawhorne in the cheek. Both negroes escaped.

George E. Bowden, sixty-seven years of age, died at his home in Richmond yesterday. His death was due to paralysis. He was a popular fraternity man and a magistrate. Born in Richmond, Mr. Bowden had continued to reside in that city, with the exception of four years spent in the army of Northern Virginia. His connection with the army was rendered remarkable by a practice of providing certain Virginia troops with Richmond newspapers. This was effected by Mr. Bowden through a negro named Soloman, since dead.

MR. FINLEY'S SPEECH.

W. W. Finley, president of the Southern Railway Company, delivered an address yesterday evening before the Louisville Commercial Club, on "The Railroad Question."

After pointing out that railway rates were controlled by economic laws and could not be fixed on any arbitrary basis and that the South—far distant from its most desirable markets—could ill afford to accept distance as the principle of rate making. Mr. Finley said that the public frequently fails to realize that length of haul could not control charges; that in many instances, a railway must accept less for a longer haul than it receives for a shorter one, and that in so doing it does no injustice to those shipping over the shorter distance.

He illustrated this by showing how rates from Louisville to Lynchburg and other Virginia cities were beyond control of the Southern Railway Company, which had a longer route than either the Chesapeake and Ohio, or that by way of the Louisville and Nashville and Norfolk and Western, both of which lines were operating between the West and the Virginia cities before the organization of the Southern Railway, with rates practically the same as at present.

Referrring to Chairman Knapp's declaration that "an immense amount of fresh capital must be invested in railroad improvements in order that our internal commerce may develop and our prosperity abide," Mr. Finley said:

"I believe that popular misapprehension as to the financial resources of the railways is responsible for much of the agitation for legislation that would tend to destroy an earning capacity that must be preserved, and even increased, if the credit of the roads is to be so maintained as to enable them to secure the new capital that is needed. There seems to be a mistaken belief, in some quarters, that the railways have great and mysterious resources, outside of their current earnings and their credit. It is unnecessary for me to tell an intelligent audience, such as this, that this is a serious mistake, and that the railways have no mysterious inexhaustible treasures on which they can draw for the immense amount of new capital referred to by Chairman Knapp.

"The men who are demanding that we shall improve our service, and who, at the same time, are proposing legislation to reduce our income, are not coming forward with offers to supply this capital. If it is to be provided, we must depend upon investors. These investors are governed by identically the same considerations that influence the man who invests his money in a farm, in a mercantile establishment, or in a factory. They want to know that the commodity which the railway has for sale — transportation—can be sold at prices and under conditions that will probably pay all expenses of running the business and leave a fair margin over for profits. They want to be assured that when the transportation company has performed its service at reasonable rates, has avoided unjust discriminations, and has complied with all its legal obligations, whatever remains to it, be it much or little, shall be recognized as being its property, entitled to the same degree of protection by the laws of the land and by public opinion as property in any other form, or obtained in any other legitimate manner."

ROANOKE WILL PAY.

In answer to a call by Mayor Cutchin of Roanoke for a mass meeting of citizens last night, to take up the matter of paying damages suffered by the proprietors of Greek restaurants and shoe-blacking parlors last Saturday night, when a mob wrecked all the Greek places in town, the Circuit courtrom was filled to suffocation.

Mayor Catchin opened the meeting and asked that the city council be not roasted for its failure to appoint a committee with power to pay the bills. Several citizens made speeches in which they referred to the disgrace that had been brought upon the city by the riot, and declaring that if the council did not compensate the Greeks for losses, the citizens would do so. They also advocated an increased police force and encouragement of more military organizations.

Aldermen Weaver and Murphy explained that the matter was referred to the finance committee for investigation, but that they were strongly in favor of the city paying the claims.

Resolutions were then adopted calling on the Council to settle the bills and bring the matter to an end. Resolutions were also adopted asking Council to increase the police force.

Fourteen men, indicted by the grand jury for rioting, have been arrested. Six more are yet at large. The Mayor has offered a reward of $50 for each man arrested in the future, and Governor Swanson has duplicated the reward.

Today's Telegraphic News.

Woman Attacked.

Carlsruhe, Germany, July 19.—Charging her with having aided the murder of her mother, shouting that she had been the mistress of her sister's husband, while insults of the vilest sort were heaped upon her by scornful tongues, a mob outside the court house where the trial of Carl Hau is in progress, made a determined attack today upon Olga Molitor, daughter of the prisoners's alleged victim. Scores of police hastily summoned to protect the girl had a terrible fight to drive back the mobs. With her clothes nearly torn from her body, her hair disheveled and her face scratched and bleeding, showing the rough treatment to which she had been subjected, the young woman finally escaped to the protection of a house. There the police stood guard until the mob was dispersed.

Feeling runs high in certain ranks of society against Fraulein Molitor because of the aid she is charged with giving Hau in his trial on a charge of killing his mother-in-law, Frau Molitor. Her appearance in the street as she left the court house was the signal for the attack on her by the mob which had been unable to gain access to the crowded court room. Shouting insults and charges of wrongful relations with Hau did not long satiafy the crowd. There was a rush for her, and but for the protection of the police she would have fared badly. Aroused by the resistance of the officers, the angry people struggled with even greater violence, however, to wreak vengeance on the object of their fury. When she finally reached the shelter of a house where she could seek refuge Miss Molitor almost collapsed so unnerved was she by her experience.

The street demonstration followed a sensational scene in the court room in which the girl was one of the principal actors. Hau told Judge Eller that he had sent the mysterious telegram signed "Olga" to Frau Molitor asking her to come to Paris, so that she would take Olga home. He said his wife was jealous of her sister and constantly created scenes. Olga was recalled and she verified this declaration by the prisoner. Judge Eller manifested displeasure and asserted the explanation was weak. He warned Olga what would be the consequences of giving perjured testimony. A sharp passage at arms followed between the judge, Prosecutor Bleicher and Dietz, Hau's attorney. The judge's intimation of perjury testimony evidently gave the clue to the crowd which later attacked Olga.

Hau's relatives offered strong evidence against him. They were Lieutenant Molitor and his sisters, Misses Fanny and Louise Molitor, children of Hau's alleged victim. All declared their belief that Hau was the slayer of their mother.

Corey and the Steel Corporation.

New York, July 19.—Wm. Ellis Corey will not await a request for his resignation from the presidency of the steel trust, according to his Wall street friends. He has made money enough to be absolutely independent of his $100,000 salary, these friends assert, and would like to retire and will probably lay his resignation before the directors as soon as they meet for their next regular session, July 30. The gossips have had it that the directors, provoked almost to the limit of endurance by Corey's matrimonial troubles, divorce and remarriage to Mabelle Gilman, boiled over when he failed to return from his wedding trip abroad by the end of June, commented with more force than elegance on what they termed his neglect of business and made up their minds to force him out of the steel trust. Corey's business associates estimate his winnings in recent Wall street operations all the way from $10,000,000 to $30,000,000 and explain that he doesn't care a snap of his fingers what the directors think.

The Telegraphers.

Oakland, Cal., July 19.—Friction is said to have arisen in the ranks of the higher officials of the Telegraphers' Union, and no progress either toward a strike or toward settlement has been announced.

It is reported that President Small, of the union, has had a split with his executive committee which has been criticised for making remarks about the president.

Commissioner Neill, who represented the government in an effort to arbitrate, has left for Washington. Officials of the two companies said they had no statements to make.

New York, July 19.—"There is no development in the situation," said Secretary McInenery of the local union today. "I have heard nothing from 'Frisco and there is no change here."

Prostrated by Her Expulsion.

New York, July 19—Prostrated by her expulsion from her home in which she had lived since 1881, Mrs. Grace Lovett, wife of Geo. Lovett, the millionaire, who recently secured a divorce decree, is seriously ill at the home of her mother, Mrs. Wells. Mrs. Lovett vacated the house today. She had expected to remain there until the final decree is signed in about three months, but was served yesterday with an order to show cause why she should not leave the premises. She says the process server, a negro, forced his way into her room and when she asked the meaning of the intrusion, slapped her in the face with the papers. She threatens a warrant for his arrest. Mrs. Lovett was once a belle in the aristocratic section of Brooklyn. She expects soon to go back to Cleveland where she and her mother will live.

Deaths From Heat Wave.

Philadelphia, July 19.—There were discharged from the hospitals of Philadelphia today nearly 3,500 patients who had been treated for heat prostrations while watching the Elks' parade yesterday. Out of this great number of victims of the extremely high temperature only five proved fatal.

New York, July 19.—With six deaths previously reported and twenty-seven heat sufferers in various hospitals, New York enjoyed a slight relief today from the blistering weather. Thousands slept last night on roofs, fire escapes and in the parks.

Will Ostracise Mrs. Angie Birdsong.

Monticello, Miss., July 19.—Mrs. Angie Birdsong, convicted of killing Dr. Thos. H. Butler and pardoned, will not escape punishment after all. Ostracism is the means adopted by her neighbors and former friends to express disapproval of the outcome of the case.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

The Deposed Emperor of Korea.

London, July 19.—The Emperor of Korea has abdicated. The news comes from Seoul by way of Tokio. The formal ceremony of abdication was set for 10 a. m. today.

The emperor affixed his seal, however, early today to the document by which he renounces the throne. A regent will act for him until a successor is raised to his place. The crown prince will undoubtedly be chosen. His power will be nominally as great as that of the retiring monarch. It will be really limited, however, by a requirement for Japanese approval of all his acts.

The emperor's precript announcing his abdication names the heir-apparent, the crown prince, as his successor, but it is by no means certain that the Japanese will accept this suggestion.

Seoul, July 19.—Emperor Yi-Hyeung foamally abdicated the Korean throne at 11 o'clock today. It is expected he will go at once to Tokio to apologize in person to the Mikado for the international scandal following his dispatch of emissaries to The Hague to seek the powers' aid in rescuing his country from Japanese oppression. He has already signed the disputed treaty with Japan. The emperor has reigned for forty-four years.

Serious disorders are feared in Seoul. Several riots have already been put down by the Japanese, but mobs continue to gather and the demonstrations are constantly growing in violence.

Railroad Accidents.

Freemansburg, Pa., July 19.—Two freight trains collided head on today on the Central Railroad of New Jersey at Freemansburg and as a reault J. Miller, of Mauch Chunk, fireman of the west bound train, and Engineer Miller, of the east bound train, are dead. Many others had narrow escapes. The smash up was due to a misunderstanding of signals.

Pittsburg, Pa., July 19.—A freight train on the Pittsburg, Fort Wayne and Chicago railroad crashed into a caboose on a siding near the plant of the Pittsburg Iron Works today. George E. Johnson, brakeman, was killed, and three others injured, one of them fatally.

Elmira, N. Y., July 19.—The New York and Cleveland flyer on the Erie Railroad collided with a switch engine at a crossing here early today, causing a bad smash up and blocking both tracks. No one was killed, several persons were more or less injured. The engine and express car of the flyer were derailed.

Charged "San Juan Hill."

New York, July 19.—Negro residents of "San Juan Hill," the Tenth Avenue District, are nursing bruises and cracked heads today as the result of a riotous attack upon the stronghold by two chowder parties returning from a Long Island Sound picnic ground. Henry Williams a black scout, who was captured on the outskirts, was taken to Roosevelt Hospital. The Frank Goodwin Association and the Donkey Club were marching home when the word was passed along that a charge would be made upon San Juan Hill to "wipe out the joint." When the police reserves arraived they had to employ rough rider methods to stop the riot, and it was not until their clubs were used freely that peace was restored.

Difficult Electrocution.

Columbus, O., July 19.—Prison officials are today investigating the failure of the death chair at the penitentiary to properly dispose of Henry White, negro murderer, at Franklin, executed early today. It required three shocks to kill White. After 1,150 volts had been shot through the negro, doctors found that he was still alive. He was given a second shock. Still his heart was found to be beating. At the third shock a sheet of fire shot from the man's head. When the current was turned off the doctors decided that White was really dead. White played poker all evening before his execution and was cool as he took his place in the death chair.

Says He Is Not Afraid to Die.

Chicago, July 19.—"I am to be hanged because I had no money to hire influential lawyers," said Herman Billek, convicted of the murder of Mary Vrzall, and suspected of having poisoned five members of the family. I am a Bohemian and a soldier, and am not afraid to die. My lawyers are trying to get a new trial. They wont succeed. All I can do is await the end. My little daughter Edna will be a nun. I have raised her in the church." Billek's wife and children will be permitted to visit him until sentence has been pronounced.

Pugilist Sentenced.

London, July 19.—Pedler Palmer, former bantam weight champion pugilist, was today sentenced to five years' imprisonment at the Guilford Assizes on conviction of manslaughter, his victim being a gas stoker named Choate. The trouble occurred on May 24 when Palmer with a companion was returning from the Epsom races. Choate was in the same railway compartment with them, and it was testified a quarrel occurred because Choate would not stop singing.

The Haywood Case.

Boise, July 19.—When court reconvened this morning in the Haywood murder trial Judge Wood announced a postponement until 2 o'clock this afternoon in order to give him more time in which to complete his examination of authorities. At that hour he said he might be ready to announce his decision in the Colorado deportation cases.

The Wright Flyer.

Dayton, O., July 19.—The aeroplane known as the Wright Flyer, the joint invention of Orriville and Wilbur Wright, is today on its way to New York where it will be shipped to Paris. While neither of the owners will talk, this move is taken to mean that the sale of the flying machine to the French government has been completed.

The America's Cup.

London, July 19.—Reports that Sir Thomas Lipton will again challenge for the America's cup caused by the sailing of Wm. Fife, the noted designer, for the United States, were denied today by Sir Thomas's secretary.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at E. S. Leadbeater & Son's drug store.

Excitement Subsiding.

New Orleans, July 19.—The first spasm of popular indignation and disgust over the verdict in the Lemana kidnapping-murder-case, by which the four Italians will receive life sentences, in lieu of being sent to the gallows, has about subsided here today, although the strongest expressions of disapproval continue to be heard on all sides and no where more than among the better Italian element, who frankly admit the ineffectiveness of such a verdict in preventing the well-to-do members of the colony from again being victims of Black Hand crimes. No trouble is looked for at the Parish jail in St. Charles Parish where the convicted Italians will be held until next Monday, when the trial of the Gebbias, Beceller and sister will commence, owing to the presence of the troops there post haste last night. Any efforts to wreak vengeance on Italians here is deemed unlikely owing to the preparations made by the local authorities.

The Elks.

Philadelphi, July 19.—Droves of Elks, recovered from the wiltering heat of yesterday, set forth from Philadelphia today in search of pleasure at various seaside resorts, after the grand lodge adjourned and it was announced that the next meeting will be held in Dallas, Texas.

The Missouri delegation today made a hard fight before the grand lodge to change the official emblem, which now is an Elks tooth, on the ground that the demand for the teeth is causing the extermination of the animals.

Members from Wyoming, Oregon and other western States opposed the proposition on the grounds that the extraction of Elks' teeth is painless and does not cause death.

A large party of Elks went to Valley Forge where Senator Knox delivered an address.

Woman Acknowledges Murder.

Milan, O., July 19.—I have done what I said I would do; I have killed Roberts." This announcement Mrs. Bittner today told Coroner Southwick, her husband made when he came home after the murder late yesterday of Wm. Roberts, superintendent of the Milan Electric Light Plant and Water Works. He summoned his wife, daughter, son and brother-in-law into the parlor. "Now, I am going to kill myself," he continued. "Who is that driving away from our house?" he cried drawing the attention of the family away from himself and putting a bullet into his temple. He died instantly. The men had been life long friends until a few months ago.

Surpluses Reported.

New York, July 19.—Surpluses of $12,403,485, and $13,864,723 were reported by the Union and Southern Pacific Railway Companies today after payment of all charges and dividends for the fiscal year and ended June 30.

Ordered to Produce List.

New York, July 19.—Justice Dayton in the Supreme Court today ordered District Attorney Jerome to produce the list of contributors to his independent campaign fund by which he was elected. The order came in the examination of Jerome in connection with his suit for $200,000 damages against the New York newspapers of Wm. R. Hearst.

Uncle Remus's Magazine for July, which has been received from the publishers in Atlanta, is all that could be expected of a magazine having Joel Chandler Harris as editor, with an able corps of assistants. Editorially the Panama canal is discussed, also, very quaintly, "The Old Letterbox." An excellent sketch of Charles Darwin is contributed. The Jamestown Exposition is presented in a series of drawings. "Under the Lamp with late Book," "The Poetic Drama" and "A Glance in Passing" are to be noted among the interesting articles. The fiction consists of five short stories and a serial by the editor. Among other good verse, "Uncle Remees's Sings a Song."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Weather Probabilities.

For this section partly cloudy, unsettled weather, showers tonight or Saturday; variable winds.

THE HOT WAVE.

The weather during the past few days has been very oppressive, the mercury having ascended beyond the 90° mark, while the humidity has brought discomfort to man and beast. There was a heavy rain about four o'clock yesterday afternoon, accompanied by thunder and lightning but when the disturbance ceased a calm followed which rendered conditions as uncomfortable as those prevailing before the rain. Clouds continued to hover in the heavens, and muttering thunder about 7 o'clock indicated that other down pours were coming. The heaviest portion of the cloud, however, passed over the western section of Maryland and Washington and vicinity while the rainfall in this city was comparatively light.

Washington had sweltered during the day with the mercury in some thermometers reaching 98° at 1 o'clock in the afternoon and remaining at that point for more than two hours. A number of heat prostrations were reported. The official record at the Weather Bureau showed 91° at 3 o'clock and 79° at 8 o'clock last night after a rainstorm which ended in a cloudburst in the southeast section of the city. The cloudburst caused no serious damage.

A bolt of lightning last night struck the Atlantic building, which is occupied by the forest service of the government, breaking the flagstaff into a thousand pieces, one of which was carried nearly a block away by the force of the compact. Three members of the department who were in the elevator on the eighth floor at the time were slightly shocked. Parts of the large flagpole were scattered in all directions and fell to the street below. Fortunately, however, none of the pieces hit any pedestrians, as there were few in F street at the time. One large piece of wood was hurled into the air and fell in Ninth street. The storm also struck Baltimore. It is said to have been one of the severest disturbances ever witnessed in that city. People who arrived last night on steamers report that the storm set in near Stuart's wharf and spread over a large area.

The steamer Norfolk, which arrived up this morning, passed through a severe storm about twelve o'clock last night shortly after entering the Potomac. The officers say the steamer was struck by a cloudburst. No damage, however, resulted.

The atmosphere this morning was close and heavy and the temperature rose from 80° at 8 o'clock to 90° at 2 o'clock this evening. Shortly after noon, however, a slight breeze sprung up and the humidity became less intense. Still the temperature is high enough to spit a salamander.

TRADES COUNCIL.

A meeting of the Alexandria Trades Council, the local branch of the Amalgamated Associationof Street and Electric Railway Employes, and the adjustment committee of the Central Labor Union of Washington will be held next Sunday afternoon, at 3o'clock, in the hall of the local trades council. The meeting will be for the purpose of further considering existing relations between the council and the Washington, Alexandria, and Mount Vernon Electric Railway. Whatever conclusion is reached will be reported Monday night to the Washington Central Labor Union, which is expected to act at once, in accordance with the recommendations. The decision of the Washington body will be concurred in, it is understood, the following night by the Alexandria Trades Council. The final report to the Central Labor Union will be made on a resolution to declare the road "unfair" to organized labor. The Alexandria Trades Council has voted to adopt this if it is favorably acted on by the Washington body.

The meeting Sunday afternoon will be open to the public as the Central Labor Union desire to ascertain to just what extent residents of this city are willing to aid in carrying out any plans which may be proposed for boycotting the road. Owing to the fact that so many members of labor organizations have to use the electric line in going to and from their work in Washington, only a conditional boycott, it is said, could be enforced, unless other means of transportation between this city and Washington are provided. It is stated that representatives of labor have been informed by Supt. Callahan, of the Norfolk and Washington Steamboat Company, that a more convenient schedule might be arranged for the single ferry now in operation. It is understood that evening trips of the boat were practicolly promised under certain conditions.

FORFEITED THEIR COLLATERAL

There was considerable excitement in a King street saloon last night, caused by several young men engaging in a row in a back room. A chandelier was smashed and glasses and bottles demolished while the conflict was raging. Officers Young and Sherwood entered in the heat of the fight and after swinging their batons among the combattants, some of whose heads came in contact with the sticks, they succeeded in restoring order. Two of the parties were taken in custody, and upon reaching the station house they gave the names of R. J. Lewis and John Jones and each left $10 collateral for their appearance this morning. They were non est inventus when the case was called, and the coffers of the city had $20 added to them. The combatants are well-known Alexandrians, the names given at police headquarters being fictitious. The cause of the fight could not be ascertained. It started in a fisticuff engagement, but before it had proceeded far one of the belligerents seized a chair and in attempting to use it on his adversary carried away a chandelier and all the glassware on a table. The crash awoke people living nearby. Some would be peacemakers were more or less injured in attempting to part the principals in the affray. This was the only case before the Police Court this morning.

The Lawn Party which was to have been given in Grace Church yard Thursday night, was postponed until tonight. If it should rain tonight it will be given in the Parish House instead.

PERSONAL.

Mr. Harry E. Arnold and Miss Alice M. Ticer were quietly married last night at the Grace Church rectory by Rev. Edgar Carpenter, in the presence of the immediate families of the contracting parties. The bride was attended by her sister, Miss Ada B. Ticer, and Mr. C. L. Folmar acted as best man. Mr. and Mrs. Arnold left immediately after the ceremony for Niagara Falls, Toronto, Thousand Islands, etc.

Mr. John W. May has returned from a visit to the Jamestown Exposition.

Mrs. Herwig and family, of Washington, are visiting Mr. and Mrs. Robert Wheat, near Mt. Vernon.

A telegram has been received from Bishop Rowe announcing that illness will make it necessary for the Rev. John W. Chapman, of Anvik, Alaska, to take his furlough this year, and he will soon return to this section of the country. Mr. Chapman formerly lived in Alexandria.

Mrs. E. S. Fleming continues extremely ill at her home on Cameron street.

Miss Loetia Robinson, of New York, is the guest of Mrs. Sallie Lozano, on north Alfred street.

State Senator L. H. Machen has gone to Richmond to look after the publication of the two proposed amendments to the constitution which be succeeded in having passed at the last session of the legislature—one to allow the sitting of the legislature for 90 days, instead of 60 days, and the other doing away with certain roll calls on unimportant bills which take up much of the time of the legislature.

Mrs. W. M. Ewell, accompanied by her two children, has gone to Markham, Fauquier county, to spend a few weeks.

DEATHS.

Mrs. Marantha Bisson, wife of Mr. Andrew Bisson, died last night at her home on Fayette street, between King and Cameron. The deceased had for some time been suffering from a chronic disease. She leaves one son—Mr. William Padgett—by a former marriage. This is the third time death has visited Mr. Bisson's home during a period of about three weeks, Mrs. Elijah Ramey, daughter of Mr. and Mrs. Bisson, and her infant child having died on June 30th.

Cora Ellen, infant daughter of Mr. James F. and Mrs. Mary Gorman, died at her parents' home, 403 south Washington street, this morning.

Ruber Twining, colored, aged 69 years, died this morning at his home, 707 south Lee street.

COMMUTERS TO ORGANIZE.

The committee on permanent organization of the Washington, Arlington and Falls Church Railroad Commuters met last night at the residence of Mr. Moncure, at Falls Church, for the discussion of plans upon which the permanent association is to be organized. The object of the committee is to bring about more satisfactory conditions on the road. It was decided to hold a mass meeting at Falls Church Tuesday night for the furtherance of these objects.

PROPOSED NEW BRIDGE.

The Washington, Alexandria and Mount Vernon Railway Company is said to be making arrangements to rebuild the trestle over Hunting Creek. This bridge was constructed in 1892, and at first was equipped for a railway track, carriage way and accomodations for foot-passengers. It, however, ceased to be a highway bridge several years ago.

MAP OF CITY.

Mr. F. W. Latham, who has proven to be a most efficient superintendent of gas, has just completed a map of the city showing the exact location of all the gas mains, street lamps, &c. The map is of much value to the light committee and to the citizens generally.

RIVER NOTES.

The three-masted schooner J. L. Nelson, which had been loading lumber, has sailed for Amherst, N. S.

The barge Atlantic, loaded with railroad ties, has left for New York.

A CARD.

I wish to thank all the policemen of Alexandria, Va., officers and privates; my kind neighbors and the court for the prompt arrest and conviction of the culprits who broke the show window in my merchant tailor and haberdashery store on the 17th inst., and particularly the officers who made the arrests—Messrs. Herbert Knight and Chas. W. Bell; also to the citizens for their sympathy. Alexandria is blest to have such a good Mayor and city government. Respectfully,

JAMES ROCHE,
705 and 707 King street.

Must Sell the Philippines.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by E. S. Leadbeater & Sons.

MAYOR'S OFFICE
Alexandria, Va., July 19, 1907.

Sealed proposals will be received at this office for the removal of the NIGHTSOIL OF THE CITY for the next ensuing two years from August 1st, 1907. All proposals submitted will be subject to the provisions of the city laws on the subject, and the contractor must make arrangements for the disposal of the soil beyond the city limits. All proposals must be accompanied by a check or deposit of twenty-five dollars, and will be opened at 12 o'clock noon on WEDNESDAY, July 31, 1907. The right to reject any and all bids is reserved, and the contract will not be awarded unless the amount offered is in keeping with the profits and privileges which follow it. FRED. J. PAFF, Mayor.

Mrs. Gould to Appeal.

New York, July 19.—It was announced today that Mrs. Clemence Gould will appeal from the court's decision ordering her to strike out of her divorce petition certain allegations as scandalous and irrelevant. The decision excluded the charge that Gould ordered an employe to intercept and open his wife's mail.

The New York Stock Market.

New York, July 19.—The market continued strong all through the forenoon, but there was enough profit taking in the early advance to cause a fractional reaction. Union Pacific, after its early advance to 145¼, reacted to 144¾, and the price movements in this stock were followed by almost everything traded it. In no case did the reaction from the highest figures amount to more than one-half per cent.

BIG SUMMER CLEARANCE SALE.

Beginning Thursday morning, July 18, we start our big annual summer clearance sale, which means a complete clearance of summer goods. We start this sale a little earlier than usual this year owing to the fact that we will move to our new quarters, corner King and Pitt street about September 15, and we intend to reduce our large stock as rapidly as possible, just at the time when mostly needed. Remember all the summer goods advertised here means a saving to you of twenty-five to thirty-five per cent.

THOUSANDS PROSTRATED.

It is estimated that 2,500 persons were prostrated by the heat yesterday during the progress of the Elks' parade in Philadelphia. The parade was one of the greatest seen in that city in years, and it is estimated that more than 1,000,000 persons crowded into Broad street to view the spectacle. It was the hottest day of the summer, and long before the procession started spectators were falling by the dozens.

The sun was broiling hot and the humidity unusually high. Every hospital in the city was brought into service after those nearest the route of the parade were crowded to the last inch. The physicians were so busy that no names were taken. The hospitals treated more than 1,000 cases and Dr. Patterson, chief police surgeon, estimated that fully 1,500 additional patients were treated by the emergency corps of doctors along the line of the procession.

A severe storm broke up the parade just as the rear of the line passed the official reviewing stand. Tens of thousands of persons were drenched and lightning struck in many places, but so far as known no one was injured.

Never has there been such a wholesale prostrating of people in Philadelphia. For six hours the police, ambulance surgeons and the Red Cross nurses were kept on the run looking after persons who collapsed under the scorching rays of the sun, and largely because of their excellent service but two cases resulted fatally.

The parade ground was on Broad street for a distance of three miles north and the same distance south of the city hall. The paraders countermarched the last three miles back to the city hall, so that they traveled upwards of nine miles, yet few of those overcome by the heat were in the line of march.

Those who succumbed were among the spectators jammed along the street in a solid mass from one end of the line to the other. The temperature hovered around 90° and the humidity was excessive, and as a consequence people sweltered.

KISS IS NOT PAYMENT FOR MONEY BORROWED.

Nicholas Pries was awarded a judgment of $110 Monday in District Court at Omaha, for money loaned to Mrs. Elizabeth Bolz, who claimed the debt had been satisfied with a kiss, which she had planted on the plaintiff's face, at his request. The loan was made several years ago, and the defendant explained that when she inquired as to the time she would be asked to repay the money she was told not to mind about it.

"Just give me a kiss, and we will call it square," Nicholas is reported to have said to the woman, who is a handsome widow, 50 years of age. The court's suggestion that the kiss should be returned was not accepted by the defendant, who appeared much chagrined.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. TEXAS' CONSUMPTIVE BAN SOON

The Governor of Texas will soon announce Texas' ban upon the entrance of consumptives into the State, State Health Officer Brumby declares. His proclamation will declare tuberculosis a contagious disease, and will give the railroads notice that it will be a statutory offense, punishable by a fine of $500, to transport a person afflicted with a contagious disease into the State. If in interstate travel a passenger demands that the carrier bring him to Texas, the health officer will require that the railroad notify the authorities at destination and the patient will be required to submit to an examination, and if not satisfactory the passenger will be subject to deportation.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.
